

## Ask Your Child:

- Kelso's choices do we know?  
Have you used any of them yet?  
Did it work?
- Can you teach your family how to mirror dance (Miss Jordan taught us)
- What shape is a ball? What is it's 3D name?
- How do you play rock/paper/scissors?
- How do you use a coin flip?
- What does compromise mean?
- Who was Martin Luther King Jr.? What made him a good leader?  
How did he solve problems?

Kelso's choices are strategies for kids to solve small problems. This week we learned about:

**Wait and cool off:** where do you like to sit to calm yourself before making a safe and helpful choice?

**Talk it out:** (use an I message: I feel \_\_\_\_\_ when you \_\_\_\_\_. I want you to \_\_\_\_\_.)

**Apologize:** I'm sorry I \_\_\_\_\_.  
How can I make it better? How can you respond to someone's apology? (I accept/do not accept your apology; thank you for saying "sorry", I forgive you)

**Make a Deal:**

\*rock/paper/scissors      \*flip a coin  
\*compromise

## This Week's Learning Targets!

**Handwriting:** Writing letter I, i

**Sight Word:** with

**Reading:** Reading CVC words (consonant, vowel, consonant); attending to punctuation: . ? !

**Writing:** Writing sentences together!  
(How-To writing)

**Math Concept:** Addition; beginning 3D shapes

**Science Concept:** Engineers!

**Social Concept:** Kelso's choices are strategies for kids to solve small problems. We know 9 of them! See the green informational sheet in your child's folder!

## Dates to Remember:

- Remember that February has two Mondays off:  
Feb 10<sup>th</sup> (teacher PIR)  
Feb 27<sup>th</sup> (President's Day)

Valentine's day is coming-be watching for a class list to come home with helpful tips about making valentine's with Kindergarteners!
